1. Claims 1-12 are allowed. Claim 1 is independent.

The amendment filed December 31, 2007 has overcome the objection to the claims.

2. The following is an examiner's statement of reasons for allowance:

The reason for allowance for claims 1-12 were given in the previous Office action. The reason is still valid after the updated search. The reason is repeated below.

Claim 1 is allowable over the prior art of record because the prior art does not teach the claim limitations "wherein when the first sheet is to be fed by said first feeding means, said second feeding means is stopped in a state in which said cut-away portion is opposed to said lower guide member so as to form between said cut-away portion and said lower guide member a gap through which the first sheet fed by said first feeding means passes" and "wherein in a state in which the first sheet is stacked on said first stacking portion, the second sheet stacked on said second stacking portion is fed by said second feeding means", in combination with other limitations of claim 1.

Claims 2-12 depend on claim 1, directly or indirectly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
